

BOYCOTT ISRAEL DAY

SATURDAY 17TH JANUARY

On Saturday January 17th a collective boycott of Israeli goods in supermarkets in Dublin city centre will take place.

Israeli goods sold in Irish supermarkets are herbs, fruits (such as Jaffa oranges) avocados, new potatoes, dried fruits – they are easily recognizable because they are marked Product of Israel on the shelves.

Rally at 2pm at the Central Bank after which city-centre supermarkets which stock Israeli goods will be visited and the boycott of Israel goods publicized.

Just like the apartheid regime in the past, Israel has instigated such terror and injustice that it must be isolated internationally.

A mass campaign to boycott Israeli goods can make the point forcefully and allow everyone to participate.
