

MAKE WAR AND POVERTY HISTORY

PROTESTS AGAINST THE G8

MAKE WAR AND POVERTY HISTORY PROTEST AGAINST THE G8

The leaders of the world's most powerful and ruthless governments are gathering for the G8 summit in Scotland in early July.

Between them they spend \$400 billion dollars on arms, while 50% of the world's population live on \$2 dollars a day or less. Many poor countries, such as Congo, have been devastated by 'resource wars' from which western arms companies and other multinationals make huge profits.

We say **STOP WAR AND ARMS PROFITEERING** **CANCEL THE DEBT** **AID AND JUSTICE FOR THE GLOBAL POOR**

The G8 MOBILISING NETWORK is an alliance of campaigning activists and organisations who are coming together to organise a huge Irish contingent for the G8 protests in Scotland. It is open to anyone who wishes to get involved in mobilising for the protests and other related events such as the Make Poverty History rally on June 30th in Ireland. We will be running buses from all over Ireland to the protests as well as organising accommodation in Scotland
